

## Instructions for Ordering Custom Wallet Cards

1. Contact Medical Indicators, at [customerservice@medicalindicators.com](mailto:customerservice@medicalindicators.com), to setup a purchase order with customer information, billing/shipping addresses, indicated card style, quantity, prices and setup charges (if applicable).
2. Please email any content (logo, image, text, etc.) that you would like included on the card along with instructions to Medical Indicators, at [customerservice@medicalindicators.com](mailto:customerservice@medicalindicators.com).
3. Please indicate NexTemp® Ultra or TraxIt® style. You can also see our website for custom wallet card examples: (link to new wallet card page) [tinyurl]
4. We will then create a proof and send it to you for approval; please make any change requests. Once you are satisfied with the artwork, you will approve it by signing the proof and emailing or faxing a copy to Medical Indicators, at [customerservice@medicalindicators.com](mailto:customerservice@medicalindicators.com).
5. Once we have the signed, approved artwork from you and a purchase order or email confirmation, we send it to the printer. It takes approximately 4 to 6 weeks from this time for delivery of your order.
